

# Metal Additive Manufacturing Conference - MAMC 2024

## Tuesday 17 September 2024

**Tools, Space and Aircraft, Automotive and others - Room 1 (14:00-15:20)**

**-Conveners: Jurgen Stampfl**

time	[id] title	presenter
14:00	[6] Corrosion morphology of 316L stainless steel manufactured by laser powder bed fusion.	ZANOCCO, Matteo
14:20	[14] 3D-Master-Based Method for Optimizing the Cost Calculation of PBF-LB/M Manufactured Parts	Dr LANFANT, Briac
14:40	[26] Investigation of design potentials for welding PBF-LB/M manufactured pure copper busbars to conventional copper conductors	Mr PUTZ, Carsten
15:00	[37] Introduction of New Powder Alloys for Metal 3D Printing	ZUNKO, Horst
